

Investor's Document for Matched Betting Project Launch

Over the past month during lockdown, we have spent multiple hours grinding, learning, making mistakes and ultimately creating repeatable and efficient processes for matched betting we have reached a point of comfort. We have turned an initial investment from stakeholders of \$3000 into \$7000 in just under a month, and we've managed to do this just using two sets of accounts.

As both codes of Football Return, the promotions that will be on offer will be the best for the year, it is important we are operating with a significant bank roll to not miss any opportunities, and be able to fully participate in the profits that await us over the next couple of months.

We require investment over the next little period to help us exponentially grow our capital and ultimately grow our profits for the 2020 year and beyond. Below are the fixed returns available with an investment into the project.

I do note, that at any point an investor is able to pull out their stake if need be, it will be paid out in the next 24-48 hours, and will not result in any return, just the stake.

Date Invested	Multiplier	Date Returned
13/05/2020-27/05/2020	1.5x	15/06/2020
28/05/2020-10/06/2020	1.4	25/06/2020
11/06/2020-30/06/2020	1.4	15/07/2020

Examples of investments

- \$1000 invested on the 14th of May 2020- would result in a repayment of \$1400 on the 15/06/2020

- \$1000 invested on the 29th of May 2020- Would Result in a \$1400 Return on the 25/06/2020

- \$3000 invested on the 13th of June 2020- Would Result in a \$4200 return on the 15/07/2020

Benefits of Investing

- Any Investments over \$1500 will result in an invitation to the inaugural lunch we will be holding for our clients, inclusive of grog and a guest speaker

- Investors in this first stage of capital raising, will be prioritised going forward for opportunities in this space

- Any Friends who are referred who invest in the earliest stage (before May 27) Will receive a 5% commission on the amount loaned by the referred investor. For Example, if the person they referred invested \$2000- you would receive \$100 as a bonus- paid on your eligible return date.

We are very excited for the opportunities ahead of us, and it's an exciting time for both ourselves and prospective investors, in a time of difficult and sadness.

We look forward to answering any of your questions and working with many of you throughout the year.
